

## Lakshan Saldin BEng MSc CEng FIChemE MIOd Knova Ltd

Lakshan is as an independent consultant providing technical, project management and strategy services, including:

- Provision and management of expert witness and peer review services.
- Provision and management of technical/commercial due diligence services.
- Technical and project advisory roles on a variety of oil and gas projects including asset development, life extension projects, technology selection and cost estimate/project reviews.

He also provides specialised consultancy in relation to managing projects in volatile, uncertain, complex and evolving environments. His particular areas of interest are collaboration and knowledge sharing in diverse groups, particularly as it relates to the communication of information around risk & uncertainty, including:

- Stakeholder engagement.
- Risk identification.
- Design and delivery of workshops and workshop processes.
- Development and roll out of knowledge transfer and working processes within projects and across organisations.

Lakshan has over 25 years of experience in engineering, project and operational management. He holds a Bachelor's degree in Chemical Engineering from the University of Bath and a Masters in Project Management from the University of Manchester. He is a Chartered Engineer, a Fellow of the Institution of Chemical Engineers and a Member of the Institute of Directors.
